CPIM Exam Preparation Classes—Course Schedule

Presented by APICS Hamilton Chapter

The APICS CPIM designation is awarded upon successful completion of exams covering the following five modules:

- Basics of Supply Chain Management (BSCM)
- Master Planning of Resources (MPR)
- Detailed Scheduling and Planning (DSP)
- Execution and Control of Operations (ECO)
- Strategic Management of Resources (SMR)

The CPIM Certification Review classes are designed to assist exam candidates in their studies. Our instructors lead students through interactive discussions, case studies, and problem-solving exercises to help prepare for certification exams.

About the Hamilton Chapter...

APICS Hamilton Chapter, the first international APICS Chapter, is part of the Canadian District of APICS (formerly known as CAPIC), which encompasses all of the Canadian Chapters. APICS, The Association for Operations Management, builds knowledge and skills in operations management professionals to enhance and validate abilities and accelerate careers. We help our members and their organizations successfully compete and build a stronger global economy. Since 1957, individuals and companies have relied on APICS for its superior training, internationally recognized certifications, comprehensive resources, and worldwide network of accomplished industry professionals.

The APICS CPIM Program is accredited by the Canadian Supply Chain Sector Council through the National Accreditation Program (NAP).

Fall 2011 Program.....

For Fall 2011, we are offering the following review course:

Detailed Scheduling and Planning (DSP)

Wednesdays, September 21st – November 23rd (9 classes) (A detailed schedule will be handed out at the first class)
6:30PM – 9:30 PM— Burlington

Acquire a working knowledge of the tools and techniques for planning of inventory, including planning techniques such as MRP, CRP, lean, TOC, and projects. Understand the effect of using each technique; know standard measurements for inventory, materials, capacity and supplier performance; and recognize when to escalate issues.

About the Instructors

Pam Somers, CPIM, CIRM, CSCP, and Eric Somers, CPIM, CIRM, CSCP, have more than 40 years of combined practical and training experience in supply chain and operations management, including many years in the aerospace and defense industry. Their experience includes both operational and management roles, as well as project and consulting assignments, as employees and as client trainers, consultants, and project managers for providers of fully integrated enterprise solutions.

As active APICS volunteers and trainers, Pam and Eric have taught hundreds of students in various programs, including Instructor Development, the Fundamentals of Materials and Operations Management, and the APICS certification programs. They have also developed and delivered numerous presentations and workshops on both technical and soft-skill topics.

Course Costs:

The cost for each course is \$522 (plus HST) for members and \$580 (plus HST) for non-members.

These fees include the class participant guide and a primary reference.
